WP1	Amendment and budget of EORNA	<p><u>After an open discussion in link with the experimentation of KSML in the OR, the following subjects has been debated :</u></p> <p>- Integration of St Luc' works and financement :</p> <p>Partners discuss again about the budget of ISEI and the needs to finance the very professional experimentation of the team of St Luc. Isei says Wivine is not employee by ISEI and it's necessary to take into account his work and the contribution of his colleagues. Christine asks with insistence that the budget of CHU de Tours was reduced one more time and asks for a budget of subcontracting for this tasks. All partners are surprised by the attitude of CHU and ask the project manager to contact quickly the CHU</p> <p>- planning of experimentation in a third establishment :</p> <p>Olivier proposes to experiment the complete method in a establishment which is not at all implicated in the project. He'd like that the hospital where he is recently as health director could be selected for that. The group agreed with this proposition.</p> <p>-next amendments for Eorna and CHU Tours :</p> <p>Kay will be next month nominated "déléguee" of UNAIBODE in EORNA. Her travel expenses will be on the budget of EORNA after her nomination. On the other hand, it will necessary to find a budget to finance the expenses of travel and residence of Centre Louis Guérin de Châtellerault.
